

Greetings! Voters of Ft. Thomas School District, I, Elliott Talgo, Sr., resident of Bylas Community and Tribal Member of San Carlos Apache Tribe will be candidate for Ft. Thomas School District Governing Board this coming election November 2016. I strongly believe that I am qualified, have the experience and have knowledge to lead our school in the right direction where our students

will be provided the top quality education and have the top quality teachers. I have served on numerous boards and committees for the tribe, state and at the national level. In the past I have served on the Ft. Thomas School Board in 2002-2006, San Carlos Lake Development Board of Directors, Apache Gold Casino Management Corporation Board, National High School Officials Association, Arizona Interscholastic Officials Association, Save the Children Association, Bylas Lutheran Church Council and currently served on the San Carlos Tribal Enrollment Committee, First Thing First Committee member (Under San Carlos Apache Regional Council & the State of Arizona), Tribal Waste & Emergency Response Committee under Northern Arizona University/ITEP & U.S. EPA. I believe that as a school board member you are responsible to support our administration, school teachers and to make sure that our students receive the best quality education and prepare them for the future of their life. I will work with the school administration, teachers and students and make every effort to make sure our school is a safe place for everyone to learn and achieve the highest education academically and have scholar athletics. I understand that community members believe that sports are important to our students in Ft. Thomas but, they have to know that our student's academics plays a major role in our students life as well as their future. I hope the voters will support me and vote me in as the Ft. Thomas School District Governing Board on November 8th, 2016. God Bless !

Elliott Talgo, Sr.

Candidate for Ft. Thomas School District Governing Board.
